PROFESSIONAL SUMMARY

Results-driven operations and data professional with 4+ years of experience managing high-volume programmes, coordinating multi-team workflows, and delivering data-driven reporting across fast-paced environments. Skilled in consolidating and validating large datasets, developing Excel-based dashboards, and implementing process automation that drives measurable efficiency gains (~40%). Proven ability to coordinate stakeholders, translate strategic objectives into actionable execution plans, and govern data quality across operational systems. Proficient in Excel and Google Sheets, with growing capabilities in SQL, Python, and Power BI. Open to opportunities where relocation or visa sponsorship is available.

WORK EXPERIENCE

Team Axis Pte Ltd. Singapore
Operations Programme Coordinator – Team Lead Oct 2024 – May 2026

- Managed and governed 1,000+ monthly datasets (audit, attendance, manpower), ensuring accuracy, consistency, and integrity across operational systems.
- Implemented data validation rules and audit checks, reducing discrepancies and maintaining high data quality standards across all reporting streams.
- Consolidated and structured data from multiple sources into centralised datasets, improving accessibility and usability for reporting and analysis.
- Developed dashboards and performance reports using Excel and Google Sheets, supporting data-driven decision-making across operations.
- Automated data processing workflows, reducing manual effort by ~40% and improving output accuracy.
- Deployed and managed ClickUp-based project tracking for 6 teams, defining workflow templates and data capture standards that improved cross-team accountability.
- Oversaw daily execution across 350+ monthly sessions — coordinating site teams, resolving operational issues in real time, and maintaining consistent output quality.
- Produced structured reports for director-level review at weekly HOD meetings and quarterly leadership sessions.
- Led team onboarding on workflow systems, promoting standardised processes and data management practices.

ASUS Global Pte Ltd. Singapore
Retail Sales Associate Jun 2024 – Sep 2024

- Managed inventory data and produced structured sales and stock reports, supporting management visibility on product performance and operational tracking.

EnergyOne Gym (SAFRA) Singapore
Fitness Trainer Mar 2021 – Apr 2022

- Maintained structured client performance datasets, ensuring data accuracy and consistency across programme records.
- Applied data-driven insights to adjust training programmes and improve client outcomes.

AFTERSHOCK PC Singapore
Retail Sales Associate Jul 2020 – Jan 2021

- Maintained accurate inventory and fulfilment records, ensuring data consistency across operational workflows.

Luxottica LLC (Oakley) Singapore
Retail Sales Associate May 2019 – Mar 2020

- Handled POS transactions with zero discrepancy in daily cash and card reconciliation, demonstrating precision in financial data accuracy and record-keeping.
- Consistently achieved S\$5,000–S\$6,000 in monthly sales through structured customer engagement.

ADDITIONAL EXPERIENCE

Barker & Pooch Singapore
Canine Fitness Trainer Sep 2021 – Jan 2022

- Maintained structured training and behavioural datasets, supporting programme adjustments and transparent reporting to clients and team members.

National Trades Union Congress (NTUC) Singapore
Event Support — Inventory & Operations Dec 2018 – Feb 2019

- Monitored and tracked inventory data across high-volume campaigns, supporting accurate reporting and timely restocking.

NATIONAL SERVICE

Singapore Police Force – Protective Security Command (ProCom)

National Service Inspector

Singapore
May 2022 – May 2024

- Completed foundation and basic training in the first year before being deployed to full operational duties.
- Managed rostering, shift planning, and manpower deployment for 50+ personnel throughout the operational year, ensuring optimal resource allocation and deployment readiness.
- Designed Excel-based rostering and scheduling workflows that eliminated deployment errors and improved manpower allocation efficiency.
- Analysed operational and incident data to produce evidence-based reports supporting command-level planning and decision-making.

CERTIFICATIONS

Google Data Analytics Professional Certificate — Coursera	10 Feb 2026
Certificate of Completion: Claude Code 101 — Anthropic	3 May 2026
Risk Management in Sport (bizSAFE Level 2) — Nanyang Polytechnic	11 Nov 2025

EDUCATION

Specialist Diploma in Data Science (Data Engineering) — In Progress	Current
Diploma in Sports & Exercise Science — Republic Polytechnic	2019 – 2022
Higher Nitec in Sports Management — ITE College East	2017 – 2019
Nitec in Light Automotive Engineering — ITE College West	2015 – 2016

SKILLS
